FACILITY VISIT AGREEMENT

Please Read Carefully Before Signing

While Triton Systems of Delaware, Inc., a Delaware corporation, endeavors to provide a manufacturing facility which is reasonably safe for visitors allowed in the facility, it does not guarantee that it is free of all risks and hazards. While a visitor, you should exercise reasonable care to see and avoid any risk, which is open and obvious to you by the exercise of reasonable care for your own safety.

Although you have been allowed access to the facility, there are areas of the premises from which you may be prohibited access. Furthermore, you may not remain for an indefinite period of time. You should not enter any area of the facility unless you have been permitted or directed by an employee to do so. If you enter any area without permission, you may be asked to leave the premises.

Cameras, video taping equipment, and any other device, which may be used to copy, record, photograph or otherwise store or capture an image are absolutely prohibited. If you are found to have possession of such equipment after admission to the facility you may be ordered to leave the premises at the discretion of Triton Systems of Delaware, Inc. Notwithstanding whether you are ordered to leave, the camera or such other device will be taken from you and returned to you upon your exit from the facility. However Triton Systems of Delaware, Inc will retain any film or tape then in the camera or such other device.

Triton Systems of Delaware, Inc. must receive a purchase order no later than three days prior to your visit if you wish to hand carry any accessories or field replaceable spare parts home with you. Your Customer Service Specialist must receive all orders for Cash Dispensers no later than five days prior to your visit if you plan to transport the units home with you.
