Have you or your employees that will be in these classes attended any Triton training previously? (Please list)

*Service providers must be trained on current Triton ATM products to be listed as a TASC member. Current products include 9700, 9100, RL5000, RT2000 and NMD Multi-Cassette.

Our company is requesting the following training: (check the appropriate class/classes):

- 9700/9100 RT2000 RL5000 (CE) FT5000 (CE)
 RL5000/FT5000 Prism XP NMD Multi-Cassette (Note: training must be on multiple products or a minimum of three days)

Equipment Requirements: One unit (per type) required for every two attendees.

Does your company have their own equipment for training? Yes ___ No ___

Is the equipment loaded with the most recent up to date software available?

Yes ____ No ____

Number of attendees expected: _____ (Note: Class minimum of four attendees required. Maximum class size ranges from eight to ten (depending on equipment focus).)

Please indicate requested class dates:

- **60 Day advanced notice is required**
- **Requested training date may not be available**
- **Availability depends on prior scheduled commitments**

All expenses (travel, hotel, meals, etc.) of the trainer will be the responsibility of the company requesting training, plus the cost per day for training (to be determined) and all other related expenses.

Equipment needed for trainer: An Infocus projector and white board/markers will need to be provided by requesting company.

I certify that the above information is accurate.
